In its proceedings No. 551 Mis of 29-4-19, the Board sanctioned the alienation of 4.66 acres of land in S. No. 65 of Manoli village in favour of the Dt Board Mangalore Tk, for the purpose of an agricultural school. But instead of using the site as an agricultural school, the Dt Board has maintained it as a demonstration-farm. The Collr has, therefore, submitted proposals for the resumption of the land and its re-alienation in favour of the Dt Board for the purpose of a demonstration-farm. There is a tenants' house over an extent

of ~~Rs~~ 10 cents and the Dt Board proposes to levy no rent on it It has also agreed to relinquish the side without ~~any~~ claiming any compensation and to abide by all the usual conditions if the side is re-alienated to it for the purposes of an agricultural farm and a tenants' house. It has also agreed to pay Rs 9/- being the value of trees on the side. The Board may resume the land under the note to para 10 of S.O. 24 and sanction its realienation in favour of the Dt Board, for the purposes of an agricultural farm and a tenants' house. ~~For orders.~~

The plot was alienated to the Dt Bd on 6.5.29 in 1919 for the purpose of an Agri-cultural School. For 6 yrs the Dt Bd did nothing. p.1 of (N) © In 1926 it was granted an extension of time up to 29.4.28 for the construction of the Agl. School. Refer is p6 of (N) Sdirected to the Dt Bd President's letter dt. 1-9-25. p.2 of (N) The extension of time was apparently granted because the Govt. of Agriculture commended the proposal & on their advice a start was made by the Dt Bd sanctioning Rs 250 for a cocoanut ~~de~~ demonstration farm. It must however be noted that

p.2 of (N) the proposed Agl school was to consist of a School as well as a demonstration farm. The farm is only an auxiliary of the an Agl school. There is now no idea of starting an Agl School. The farm can be a necessary adjunct to a school but how far it will serve by itself the public is not clear. The Dt Bd proposes to meet the cost of Rs9/- (being the value of 3 palmyrah trees standing on the plot) p.18 of from the Savings under "V - Remunerative Enterprises - 2 - Tree Planting - contingencies". This suggests that the Dt Bd will treat the plantation more as a source of profit. The proposal (without the School) does not seem to be quite commendable It is submitted that before the alienation is sanctioned by the Board*, the Director of Agriculture may be consulted w.o.

For orders. 10-5-29.

agricultural middle school at this place and although that idea has now been abandoned, it is a fact that the land serves the purpose of an excellent demonstration to the cultivators how to plant and grow coconuts under the dry system advocated by the Agricultural Department. The land has been planted under the supervision of the Agricultural Department and at our advice. I therefore agree with the Collector that it serves a useful purpose and that the land should be resumed and realienated to the District Board on the conditions laid down in the Collector's letter R.O.C.No.8411-28-A.6 dated 25th April 1929.

From (Name) G.W.Wells, Esquire, M.A., I.C.S.,

(Designation) Collector of South Canara.

To The Secretary to the Government of Madras,

Revenue Department.

Madras.

Sir,

I solicit the attention of the Government to my --- reference dated 15-7-29. The telephone table at my residenc was ordered to the specification of the Telephone Department. It is a special table with a place for the battery on the --- lower portion of it. Apart from the fact that I have no ordinary spare table for this purpose, I beg to state that an ordinary table will not do for it. The battery requires to be placed on a wooden plank elevated from the ground to prever it from being spoiled by contact with the ground. The floor of my bungalow has ordinary chunam plaster which I consider is an insufficient protection for the battery from the --- moisture emanating from the ground especially in the rainy

season.

2. A telephone connexion is given to me entirely for the convenience of Government work. In this connexion please - see para 4 (a) of this office R.O.C.B1-9015-26 dated 6-7-1927 to which G.O.No.Misc. 2671 W, dated 12-11-1927 is a reply.

3. Another matter for the kind consideration of Government is that I had not applied to Government for sanction to have a table, as under the rules I am empowered to get furniture for Government use within the allotment at my disposal. What I had applied for was sanction for having purchased it locally. If Government so desires, I can meet the expenditure from the allotment under contingencies 'purchase and repair of furniture', instead of from the head 'telephone charges.'.

4. In the above circumstances I presume that the objection of the Government is to the local purchase of the table, and not to the provision of one for use at my residence. The local purchase, however, was quite necessary, as the Telephone Department was hastening the work of the connexions, and I had to provide a suitable table at once. Besides, I have now to add that it was not possible to get a table from the Jail Department, since the Superintendent, Central Jail, Cannanore, has in reply to an order placed with him for office furniture written to me to say that he can supply only some bug proof chairs, stools and trays during this year owing to heavy work in the jail. I, therefore, request that in consideration of the circumstances detailed above sanction may be accorded for the purchase of the table already made in anticipation of sanction.

Your obedient servant,

for Collector.

2/ In the circumstances ~~explained~~ ~~stated~~ by the Collector, it is for orders whether his action in having purchased locally a table to hold the telephone apparatus in use at his bungalow will be approved

The table was disallowed vide refce. to. Hon Cy's order on p. 5 of (C) In the circumstances now explained by the Coll. at A on p. 1 Cf, the Govt may perhaps sanction the purchase of the table at their cost.

I don't know - but I don't think that this telephone can be anything unusual. In a telephone fitted to work the talking is always attached to the telephone - when both telephone persons & both are for one talk. The Post Office generally if not always supplies the talk
